BA 4th moon phase
OL 1st moon rising

"AZTRAKARAR, Chkri han, and Quizarkfi are in strike positions, and strategical advantage against Apotheum Colleseum's Fronts, and we want the in on your technological advances, R&D, discoveries etc. NZV.' proposes Qui zark fi."

They are all using translating devices for those who do not know all the languages and do not ask about gaps in the story structural logic system because they all have EARTH EQUIV 2013 computer technology. So fantasize a little will you dear reader?

2nd Proposal: "Wilior the II, Daverd Torm and So dam insan have spies infiltrated throughout Apotheum Colleseum's inter-network system', and we want your mining deposits in periodically dealt out shares so that your line of hiercharchy doesn't panic and commit hari Kari.' suggests So Dam Insan '

3rd Proposal: "Bal Gristae, Dipftr tholka, and empty space chair want majority shares in all of the above. This we see will promote (our sic) interplanetary economies."

RQO'ILIAS completes the round ' As you know this let me stress, before anyone of you stress, that this important meeting is centered on and with Apotheum (allesam which will now for the sake of the public be reffered to as AC. AC has the things requested for and against for.

Empty Chair Space cadcom interjection: The public is now significantly tuned in from our 759 highsky rises or so!'

RQO'ILIAS officializes, 'Thus AC, what is your response?"

BalGristae formally answers, 'No to everything. We have laser defence systems and magnetic fields.'

RQO'ILIAS's eyebrow rise: 'Then it will be
TOTALWAR.

Bal Gristae frowns: "So be it." ↓

The media not works go nuts.
